

DuraTech fulfills your roll label requirements with a variety of options to choose from.

When ordering roll labels please remember to supply the following information:

- Size of inside core diameter—1", 3" or 6" paper core and 3" plastic core
- Maximum outside diameter of roll or quantity per roll
- UL/CSA requirements
- Whether roll is hand or machine dispensed
- Number of labels across width of finished roll
- Indicate copy position. (Critical for machine dispensed, automatically applied labels.)

Options listed below:
